SIZE

W x H x D (mm/inch): 63 x 36 x 12 / 2.48" x 1.4" x 0.47"

FUNCTIONS

Default Menu:
Master Volume, Subwoofer Volume, Fader, Balance, Source selector (Main, Aux 1, Digital Optical 1 - 2).

Audison bit Nove memories selection.

DRC AB enables the main system control (**volume, balance, fader and subwoofer volume, bass-boost**) without the use of a PC. Thanks to this device, installed in an ergonomic position within the car dashboard, the user can: **choose between the four DSP presets and select the source** among master, auxiliary and the two optical digital inputs.
